

IDO Interactive Map Scavenger Hunt

Directions:

Step 1: Open the IDO Interactive Map (<https://tinyurl.com/idozoningmap>)

Step 2: Learn how to turn on and turn off map layers all at once without having to individually select or deselect each layer.

- a. Choose any numbered icon listed at the bottom of the map. Click once to open.
- b. Once opened, the list will pop up on the left side of the map.
- c. In the top right corner of the list look for the icon with 3 horizontal bars with a checkmark and click once to open.
- d. Now you can choose to “Turn all layers on” or “Turn all layers off” by selecting and clicking once on the text for the action you want.

Step 3: Take a self-guided tour of each category of map layers, numbered one through six.

- a. Each bullet point below represents a different category of map layers. Be sure to clear all of the layers in the category before moving to the next map layer category.
- b. Follow the instructions for each arrow point to find your answer to the question.
- c. Note: the map legend is the bubble to the left of icon (1) Base Layers and lists the IDO Zoning codes by map color.

Step 4: Turn all layers off in the Button (1) Base Layers before starting the scavenger hunt.

Notice: Some questions may require you to input addresses to help find locations easier, this address search bar is located at the top left of the map and you will see a prompt saying “Find an address”.
